

SOCIAL SECURITY REQUIREMENTS

A.R.S. 25-320 **MANDATES** that each licensing board or agency that issues professional or occupational licenses or certificates **MUST** obtain and record the social security number of an applicant for professional or occupational license or certificate in its database in order to aid the Arizona Department of Economic Security (DES) in locating parents or their assets to enforce child support orders. Therefore, it is **MANDATORY** that you provide your social security number to the Arizona Department of Racing when you submit a license application.

When social security numbers appear on public records, and copies of such records become the subject of a records request, social security numbers **MUST** be redacted from the document.
